Touched By The Master Meditation

Sit down and become the Himalayas. You be an actionless mass, spreading all over and completely motionless. Let Life and its activities emanate from you, on your surface, and get reabsorbed into you - as the forests of Himavan. If you can stay thus for ten minutes, you become the Himalayas! And in your core is the Sanctum of the Self!

From the heart of the Himalayas flows the eternal Ganges, gushing perpetually in its sacred waters. Realize the center and let activities for the welfare of all others flow out of you into the world around you.
